LIAM TOMAN FAMILY SEARCH MAP & GEOSPATIAL GUIDE

Mont-Tremblant, Quebec | Last Sightings, Downhill Slope Trajectory & GPS Target Table

1. Walk Pathway & Elevation Slope Analysis

In the early morning of **February 2, 2025**, Liam Toman (age 22) was recorded on CCTV exiting *Le P'tit Caribou* at 3:00 AM and walking back toward his hotel, *La Tour des Voyageurs II*. At **3:20 AM**, cameras captured him speaking briefly with two hotel workers outside the entrance. Immediately following this conversation, Liam walked around the side of the hotel onto *Chemin au Pied-de-la-Montagne* into a camera blindspot.

The Downhill Gravity Path: From the camera blindspot, the terrain slopes continuously **downhill** toward the *Lac Miroir Outflow Creek* catchment. On **March 22, 2025**, as winter snow began to thaw, a resort employee found Liam's wallet in

a parking lot snowbank located **192 feet (58m) downhill** along this exact path.
